

BIRLA INSTITUTE OF TECHNOLOGY, MESRA
presents

BUILD. INNOVATE. TRIUMPH. 2018

East India's Largest Hackathon

26 - 28 OCTOBER

in association with

ABOUT THE INSTITUTE

63 years of edification, of par excellence, of philanthropically providing the country and the world with some of the best engineers of all times, our hallowed institution, Birla Institute of Technology is the upshot of the vision of Mr. B.M. Birla, a man of great acclaim, a visionary and an industrialist!

Established in 1955, Birla Institute of Technology, Mesra, is a premier-star rated and one of the most applauded colleges in the country! Our Institution is one of the most esteemed technical institutions in the country. With a lavishly green campus, and a deep rooted coding culture, the college will impress on multiple fronts. Check out our riveting riversides, or our intranet infrastructure, whichever you find more appealing.

ABOUT THE HACKATHON

It's time to take your knack for the hack, and put it to good use. With participation from colleges across the nation and developers agnostic to languages and frameworks, you'll not only be brainstorming, but also witnessing a plethora of cool ideas. To add to the experience, we have several workshops and guest lectures being taken up by Industry experts.

This is the cornerstone of East India's largest hackathon.

This is HACK-A-BIT.

OUR MASCOT

We have Ada, the hyena, as our mascot. She's named in honour of one of the first computer programmers, Lady Ada Lovelace. This becomes extremely relevant in the world today, when we are extremely close to coming a full circle on this. The pioneers were female, it's about time that they become the contemporaries too.

SUPPORTING ORGANISATIONS

Technical Education Quality Improvement Programme of Government of India (TEQIP), implemented as a World Bank assisted project to improve the quality of technical education system in the country.

TEQIP was conceived in pursuance of the National Policy on Education 1986 with a goal to upscale and improve quality of technical education and enhance existing capacities of the institutions to become dynamic, demand driven, quality conscious, efficient and forward looking, responsive to rapid economic and technological developments occurring both at national and international levels.

ACM, the world's largest educational and scientific computing society, delivers resources that advance computing as a science and a profession.

At ACM Students' Chapter, BIT Mesra, we strive to excel in the field of Programming, Algorithm Design and Theoretical Computer Science. A number of workshops are organized throughout the year to help students improve their knowledge of the cutting-edge technology.

IET is one of the world's largest engineering institutions with Over 167,000 members in 150 countries. It is also the most multidisciplinary – to reflect the increasingly diverse nature of engineering in the 21st century.

IET UK Students' Chapter, BIT Mesra is working to engineer a better world by inspiring, informing and influencing our members, engineers and technicians, and all those who are touched by, or touch, the work of engineers.

IEEE and its members inspire a global community to innovate for a better tomorrow through highly cited publications, conferences, technology standards, and professional and educational activities.

IEEE Student Branch, BIT Mesra believes in a constant endeavour to inculcate among students the requisite knowledge to catch up with their peers across the global community and create an environment where members collaborate on world-changing technologies, from computing and sustainable energy system to communications, robotics, and more .

TIMELINE

Team Size - upto 4

PRIZES

2nd

Rs. 15,000

1st

Rs. 25,000

3rd

Rs. 10,000

Category Prize : Rs. 5000 each

Goodies Worth: Rs. 50,000

**Still not satisfied? We have more, Free Accommodation,
Travel Reimbursement, Free Food and Lots of Fun.***

***Terms and Conditions Apply**
